Welcome to Your Benefits!

We are pleased to provide you with a wide range of competitive benefits that are a vital part of your total compensation. You have the flexibility to select from a full range of benefits to keep you and your family healthy, provide financial protection in the event of unforeseen circumstances and help you build long-term security for retirement. This brochure was designed to answer some of the basic questions you may have about your benefits. Please take the time to review this brochure to make sure you understand the benefits that are available to you and your family, and be sure to act before the enrollment deadline.

This brochure highlights the main features of our employee benefits program. It does not include all plan rules, details, limitations, and exclusions. The terms of your benefit plans are governed by legal documents, including insurance contracts. Should there be an inconsistency between this brochure and the legal plan documents, the plan documents are the final authority. The Company reserves the right to change or discontinue its employee benefits plans at any time.

Eligibility

Full-time employees are eligible to participate in all benefit plans on the 1st of the month following 60 days of employment. Full-time employment is defined as working a minimum of 30 hours per week. You may also enroll your eligible dependents for coverage. Eligible dependents could be:

- Your legal spouse
- Children under the age of 26, regardless of student, dependency or marital status
- Children who are past the age of 26 and are fully dependent on you for support due to a mental or physical disability and who are indicated as such on your federal tax return

Changing Benefits After Enrollment

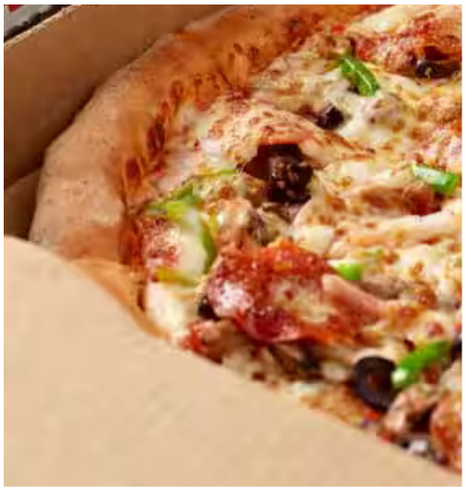
During the year, you cannot make changes to your benefits unless you have a Qualified Life Event. If you do not make changes to your benefits within 30 days of the Qualified Life Event, you will have to wait until the next annual Open Enrollment period to make changes (unless you experience another Qualified Life Event).

QUALIFIED LIFE EVENT		DOCUMENTATION NEEDED
Change in marital status	- Marriage - Divorce/Legal Separation - Death	- Copy of marriage certificate - Copy of divorce decree - Copy of death certificate
Change in number of dependents	- Birth or adoption - Step-child - Death	- Copy of birth certificate or copy of legal adoption papers - Copy of birth certificate plus a copy of the marriage certificate between employee and spouse - Copy of death certificate
Change in employment	- Change in your eligibility status (i.e., full-time to part-time) - Change in spouse's benefits or employment status	- Notification of increase or reduction of hours that changes coverage status - Notification of spouse's employment status that results in a loss or gain of coverage

How to Enroll

Eligible employees will enroll via Quickob. You must elect or waive coverage by the deadline date provided.

If you do not complete your enrollment during your designated window, you may not be able to enroll or make changes unless you experience a qualifying event, or until the next open enrollment period.



Medical

UnitedHealthcare

Medical insurance is essential to your well-being, and our Medical coverage provides you and your family the protection you need for everyday health issues or when the unexpected happens.

Parts of Your Medical Plan

- **Preventive care** – Always 100% covered when you use in-network providers and includes things like physical exams, flu shots and screenings.
- **Annual deductible amounts** – The amount you pay each year for eligible in-network and out-of-network charges before the plan begins to pay.
- **Annual out-of-pocket maximums** – The most you will pay each year for eligible in-network and out-of-network services, including prescriptions. After you reach your out-of-pocket maximum, the plan picks up the full cost of covered medical care for the remainder of the year.
- **Copays** – A copay is a fixed amount you pay for a health care service. Copays do not count toward your deductible but do count toward your annual out-of-pocket maximum.
- **Coinsurance** – Once your deductible is met, you and the plan share the cost of care, called coinsurance.

Medical Plan Comparison

UnitedHealthcare

Preferred Provider Organization (PPO) Plans allow you to choose to see PPO providers or non-network providers. When you use a provider who participates in the Personal Choice Network, your out-of-pocket expenses for covered services will be lower. Therefore, it is to your advantage to use PPO providers, but it is not required. PPO plans have a national network and never require referrals to visit a specialist.

Health Care Options

Understanding your health care options before you need care can make a big difference. Choosing the right place for treatment can help you get care faster and avoid unnecessary costs. The chart below provides a general overview of common care settings and when each may be used.

HEALTH CARE PROVIDER		SYMPTOMS	AVERAGE COST	AVERAGE WAIT
NON-EMERGENCY CARE				
VIRTUAL VISITS/ TELEMEDICINE	Access to care via phone, online video or mobile app whether you are home, work or traveling; medications can be prescribed **24 hours a day, 7 days a week**	- Allergies - Cough/cold/flu - Rash - Stomachache	**$**	**2–5 minutes**
DOCTOR'S OFFICE	Generally, the best place for routine preventive care; established relationship; able to treat based on medical history **Office hours vary**	- Infections - Sore and strep throat - Vaccinations - Minor injuries, sprains and strains	**$**	**15–20 minutes**
RETAIL CLINIC	Usually lower out-of-pocket cost than urgent care; when you can't see your doctor; located in stores and pharmacies **Hours vary based on store hours**	- Common infections - Minor injuries - Pregnancy tests - Vaccinations	**$**	**15 minutes**
URGENT CARE	When you need immediate attention; walk-in basis is usually accepted **Generally includes evening, weekend and holiday hours**	- Sprains and strains - Minor broken bones - Small cuts that may require stitches - Minor burns and infections	**$$**	**15–30 minutes**
EMERGENCY CARE				
HOSPITAL ER	Life-threatening or critical conditions; trauma treatment; multiple bills for doctor and facility **24 hours a day, 7 days a week**	- Chest pain - Difficulty breathing - Severe bleeding - Blurred or sudden loss of vision - Major broken bones	**$$$$**	**4+ hours**
FREESTANDING ER	Services do not include trauma care; can look similar to an urgent care center, but medical bills may be 10 times higher **24 hours a day, 7 days a week**	- Most major injuries except trauma - Severe pain	**$$$$$$**	**Minimal**

Note: Examples of symptoms are not inclusive of all health issues. Wait times described are only estimates. This information is not intended as medical advice. If you have questions, please call the phone number on the back of your medical ID card.

Get help coping with the death of a loved one. Beneficiaries receive help coping with the emotions and financial decisions that surface when a loved one dies. Services include grief support from Magellan Healthcare and financial review from Principal. Spouses and dependents receive three months of free online will preparation services provided by ARAG. Information is provided after the loss of a loved one.

Dental

Principal℠

Taking care of your oral health is not a luxury; it is a necessity to long-term optimal health. With a focus on prevention, early diagnosis and treatment, Dental insurance can greatly reduce your costs when it comes to restorative and emergency procedures. Preventive services are covered at no cost to you and include routine exams and cleanings. You will pay only a small deductible and coinsurance for basic and major services.

In-network providers offer the highest level of benefits and lower out-of-pocket costs. Network providers charge you reduced fees but providers outside the plan's network set their own rates, which means you may have to pay the difference if a provider's fees are above the Reasonable and Customary (R&C) limits.

- If your dentist does not participate within the network, you will be responsible for all balance billing.

Vision

Healthy eyes and clear vision are an important part of your overall health and quality of life.

The vision plan provides you with the freedom to use an eye doctor of your choice or access the Unum Vision Network of providers. If you use a provider participating in the network, your out-of-pocket expenses will be reduced. If you use a non-network provider, in-network benefits and discounts will not apply and benefits will be paid according to a set benefit reimbursement schedule.
