Welcome to Your Benefits!

We are pleased to provide you with a wide range of competitive benefits that are a vital part of your total compensation. You have the flexibility to select from a full range of benefits to keep you and your family healthy, provide financial protection in the event of unforeseen circumstances and help you build long-term security for retirement. This brochure was designed to answer some of the basic questions you may have about your benefits. Please take the time to review this brochure to make sure you understand the benefits that are available to you and your family, and be sure to act before the enrollment deadline.

This brochure highlights the main features of our employee benefits program. It does not include all plan rules, details, limitations, and exclusions. The terms of your benefit plans are governed by legal documents, including insurance contracts. Should there be an inconsistency between this brochure and the legal plan documents, the plan documents are the final authority. The Company reserves the right to change or discontinue its employee benefits plans at any time.

Eligibility

Full-time employees are eligible to participate in all benefit plans on the 1st of the month following 60 days of employment. Full-time employment is defined as working a minimum of 30 hours per week. You may also enroll your eligible dependents for coverage. Eligible dependents could be:

- Your legal spouse
- Children under the age of 26, regardless of student, dependency or marital status
- Children who are past the age of 26 and are fully dependent on you for support due to a mental or physical disability and who are indicated as such on your federal tax return

Changing Benefits After Enrollment

During the year, you cannot make changes to your benefits unless you have a Qualified Life Event. If you do not make changes to your benefits within 30 days of the Qualified Life Event, you will have to wait until the next annual Open Enrollment period to make changes (unless you experience another Qualified Life Event).

QUALIFIED LIFE EVENT		DOCUMENTATION NEEDED
Change in marital status	- Marriage - Divorce/Legal Separation - Death	- Copy of marriage certificate - Copy of divorce decree - Copy of death certificate
Change in number of dependents	- Birth or adoption - Step-child - Death	- Copy of birth certificate or copy of legal adoption papers - Copy of birth certificate plus a copy of the marriage certificate between employee and spouse - Copy of death certificate
Change in employment	- Change in your eligibility status (i.e., full-time to part-time) - Change in spouse's benefits or employment status	- Notification of increase or reduction of hours that changes coverage status - Notification of spouse's employment status that results in a loss or gain of coverage

How to Enroll

Eligible employees will enroll via Quickob. You must elect or waive coverage by the deadline date provided.

If you do not complete your enrollment during your designated window, you may not be able to enroll or make changes unless you experience a qualifying event, or until the next open enrollment period.

Medical

Medical insurance is essential to your well-being, and our Medical coverage provides you and your family the protection you need for everyday health issues or when the unexpected happens.

Parts of Your Medical Plan

- **Preventive care** – Always 100% covered when you use in-network providers and includes things like physical exams, flu shots and screenings.
- **Annual deductible amounts** – The amount you pay each year for eligible in-network and out-of-network charges before the plan begins to pay.
- **Annual out-of-pocket maximums** – The most you will pay each year for eligible in-network and out-of-network services, including prescriptions. After you reach your out-of-pocket maximum, the plan picks up the full cost of covered medical care for the remainder of the year.
- **Copays** – A copay is a fixed amount you pay for a health care service. Copays do not count toward your deductible but do count toward your annual out-of-pocket maximum.
- **Coinsurance** – Once your deductible is met, you and the plan share the cost of care, called coinsurance.

Medical Plan Comparison

Preferred Provider Organization (PPO) Plans allow you to choose to see PPO providers or non-network providers. When you use a provider who participates in the Personal Choice Network, your out-of-pocket expenses for covered services will be lower. Therefore, it is to your advantage to use PPO providers, but it is not required. PPO plans have a national network and never require referrals to visit a specialist.

Preventive services are covered at no cost to you and include routine exams and cleanings. You will pay only a small deductible and coinsurance for basic and major services.

In-network providers offer the highest level of benefits and lower out-of-pocket costs. Network providers charge you reduced fees but providers outside the plan's network set their own rates, which means you may have to pay the difference if a provider's fees are above the Reasonable and Customary (R&C) limits.
